DESCRIBE THE PRESENT AND ORIGINAL (II known) PHYSICAL APPEARANCE

Classified locally as Italianate Victorian style of architecture. Exterior appearance close to original except for front porch, kitchen, rear porch enclosures, and painted brick. Elaborate cornice and slate roof are original. Unusual brick gable and tower on front. First alteration occurred about 1889 when a kitchen building was built in the ell of the rear porch. The kitchen building was built in the ell of the rear porch. The kitchen was originally located in the cellar. Overall dimensions 60' X 69'. Foundation approximately 15" thick of native granite in regular coursed ashlar pattern with rusticated face. Windows have rusticated franite flat arch lintels. Wall construction 13" solid brick; cast stone belt course, quoins and lintels. Heads of doorways are flat arched with cast stone ornamented lintels (except rear side has brick arches). Thresholds are cast stone.

Chimneys are brick laid in elaborate patterns. Most chimneys are original. Two at rear of house were rebuilt in 1964 restoration in original pattern from roof line up. All windows are double hung with windows in west side of southwest room opening onto the porch having slip head. First floor and cellar windows have flat arches. Second floor dormer windows have semi-circular heads. Narrower windows are two light, with wider windows four light, and taller windows six light. Dormer windows are four light. Window lintels are cast stone except on rear which are brick. Sills are also cast stone Cornice eaves are original with elaborate carved design. Original built-in sheet metal gutters and conductors.

First major remodeling occurred about 1906 when house changed ownership. Three rooms along the south side of the house were altered into tow larger tooms. Two pairs of sliding doors were added in this area. Beams were placed in two rooms downstairs. The second floor was apparently not changed.

House built subsequent to purchase date of lot. Angelo Marre purchased Lots 5 and 6 Block 21, Original City of Little Rock on September 7, 1881. The Deed is dated September 7, 1881 and filed for record September 9, 1881 (Deed Book 5 Pages 455-456) Circuit Clerk's Office, Pulaski County Court House, Little Rock, Arkansas. There were no improvements thereon. The real estate assessment book of Pulaski County for the year 1883 shows improvements valued at \$5,000. This would indicate that the house was built sometime between September 1881 and December 1882. EE UNSTRUCTION
