

MOBILITY ACCESSIBILITY GUIDE TO FACILITIES

Everyone is welcome to participate in activities at Arkansas State Parks.

ACCESSIBILITY INFORMATION

This is your guide to the accessibility levels of Arkansas State Park facilities. All new facilities offer barrier-free access, while a variety of facilities that have attracted visitors over the decades have been retrofitted to offer barrier-free access. Work is in progress to improve accessibility levels throughout the park system. Some facilities, due to the natural terrain in which they're located, are deemed inaccessible or impossible to access even with assistance. This information is intended to guide visitors to those park facilities that will best meet their individual needs. All park visitors are urged to take personal limitations into consideration when using any Arkansas State Park facility. If you have questions about any state park or museum, park staff is available to answer your questions and provide any details you may require. We welcome the opportunity to assist you in finding facilities that will make your visit to an Arkansas state park a most enjoyable experience. You're always welcome to phone or email the individual parks and museums for details. Those phone numbers and email addresses are located under each park listing in the Arkansas State Parks Guide and at ArkansasStateParks.com. For a free guide call 1-888-AT-PARKS (V/TT).

VISITOR PROGRAMS

Arkansas State Parks offers over 40,000 interpretive programs and events each year for the education and entertainment of our visitors. Many of these are designed with the needs of visitors with disabilities in mind. Park amphitheaters provide barrier-free access for evening interpretive programs and daily workshops. Guided hikes are often offered on barrier-free trails, and fishing workshops are conducted on barrier-free fishing piers. Park staff and guest speakers offer a variety of accessible programs in park visitor centers or lodges. A listing of Arkansas State Park programs and events is accessible on our web site under the park events and activities section (ArkansasStateParks.com/events).

StateParks.com/events). More information is also available in the seniors section of our web site (ArkansasStateParks.com/seniors).

SPECIAL NOTE

To ensure you enjoy your state park experience, be aware of the natural world. There are some areas that are potentially hazardous to all visitors. Since it is impractical to post signs at all danger points, use caution when approaching such areas as cliffs, caves, heavily wooded areas, swamps, streams and lakes. Adults are responsible for children in their care. If unsure about possible hazards, check at the visitor center.
